Dear Karol!

December is here already and the Christmas with it also.

I am happy of the Christmas time coming

I will see all of you.

Whole family, we will sit around the Christmas table.

Our mum will cook my food called goja and marikle for me. We will make the big Christmas tree.

I can not sleep yet. „ What gifts I will from the little Jesus?

Can you sleep already?

Be happy my little brother.

Your sister Aranka.
