Carmen

Today I am going to tell you about our apartment. We live in a apartment building. I share my room with my younger brother. My big brother has a room of his own. My parents also have their own bedroom. We have a large living room and a small kitchen. We also have a balcony and sauna. I like to take a bath and go to sauna every Saturday.

The things I have in my room:

A desk

A bed

My brother's bed

A carpet

A Bookshelf

What things do you have in your room?
