

Attachment 9.2.

Carmen

It is Monday and it is raining. I have nothing to do. I like more sunny days more because I like to go outside with my friends. On rainy days I usually play inside with my little brother. Although I don't like raining I like thunderstorms a lot! I like to go over a window and watch lightning's with my older brother. It is same time scary and fascinating.

In my opinion the best kind of weather is warm and sunny. Cold and cloudy weathers are not for me!

Things you can do when it is raining:

Paint

Draw

Watch TV

Read books

Listen to music

What do you like to do in the rainy days?
